By New York State Museum

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1904 edition. Excerpt: .is equipped with hand derrick and siphon. Three men are employed throughout the year. The product is chiefly flagstone, which is sold to the Ulster bluestone co. at Maiden. Con Harvey, Quarryville. This quarry is south of the preceding. The bed of stone is 10 feet thick, with an overburden of 20 to 30 feet, 15 feet of which is rock, the balance clay. The stone is of the best blue color, fine grained and full of reeds, which will not weather open if stone is split to 20 to 24 thickness. No heads are found in this quarry, but the side seams are very regular, 3 to 9 feet apart. The top part of this bed is grayer and harder than the lower lifts, which are soft and blue. All the stone, however, works well in the mill. The product is almost entirely...

Reviews

Excellent electronic book and valuable one. Better then never, though i am quite late in start reading this one. I am very easily can get a delight of studying a written book.
