This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).

BBC Audio, A Division Of Random House, United Kingdom, 2013. CD-Audio. Book Condition: New. 142 x 124 mm. Language: English . Brand New. A brand new adventure for the Third Doctor. Two RAF fighter jets are on a training flight over North East Scotland when one of them is plucked from the air and promptly disappears. UNIT are called in, and the Doctor and Brigadier Lethbridge-Stewart are soon on the scene. They enlist the help of a local military officer - a young lieutenant named Mike Yates. The Doctor discovers a link to the recumbent stone circles that are plentiful in this part of Scotland. The stones are thousands of years old, and are soon revealed to hold a terrible secret. Then Mike Yates disappears, abducted by an alien race that has a grievance with humanity. They intend to harness the power of the stones in order to take their revenge. For the Doctor and the Brigadier, the race is now on to save their new friend Mike and the entire planet Earth. Richard Franklin and Trevor Littledale perform this original story by Andrew Smith, with music and sound design.
